THE BRITISH AIKIDO BOARD

**CLUBMARK
ASSESSMENT
PORTFOLIO**

Version 3.1 July 2010

Foreword

Firstly, I would like to congratulate you on your decision to work towards Clubmark accreditation. It is important that we all strive to keep abreast of developments in sports coaching and club management and Clubmark is just one way in which we can achieve this aim. The BAB is delighted to be making this Sport England scheme available to our member Associations and Clubs, and I am sure it will be yet another step towards raising both the profile and the professionalism of aikido in the UK.

Clubmark is special in as much as it is exclusively available to those clubs offering training programmes for young people, and this group so often represents the 'future' of any sport. Making sport available to the younger members of society, and encouraging them to commit to continued participation in physical activity is absolutely vital in this age of computers and television. I personally feel that being part of a club – a supportive community of friends – can also play an even wider role in the personal development of young people. We also need parents and carers to feel confident in leaving their children with us in our clubs. Clubmark is a valuable and credible route towards achieving this.

This document will help you gather together your evidence as you work towards Clubmark accreditation. The BAB is committed to helping all our eligible member Associations and their Clubs to achieve Clubmark, and ultimately we hope that all junior clubs will gain the award.

Being in the BAB, and participating in our coach development programme, means that you are already well on the way to achieving some of the key aspects of the Award. You may have to attend some additional courses or implement some new procedures, but I am sure all of these will help to support and improve the profile and activities of your Club.

I wish you every success in becoming a BAB Clubmark-accredited Aikido Club.

Vincent Sumpter
Chairman, BAB

Introduction

This document is supplied to assist you in developing your portfolio of evidence as you work toward Clubmark accreditation.

It should be read in conjunction with the Resource Pack (the Resource Pack gives much more detail about the evidence you will need to gather – along with a great deal of helpful background information).

Each section of this portfolio document ‘mirrors’ the same section in the Resource Pack and so you may find it helpful to use both documents together. Gaining Clubmark is intended to offer you development opportunities, as well as to validate your current procedures and standards, so we hope that working towards accreditation will also offer you a learning and development experience. The Resource Pack contains lots of background information to help you (the BAB Clubmark Officer has re-written parts of the Sport England generic Resource Pack to make it aikido-specific, and this re-written document is the one you have been supplied with. However, you can also download the generic pack and other information from the Clubmark website www.clubmark.org.uk

The following pages contain a series of grids which you can complete as you gather your evidence. Column 1 links in to the numbered sections in the Resource Pack and details the criteria you must meet in order to gain Clubmark accreditation. Column 2 offers suggestions as to how you might meet the criteria – the evidence you could supply – along with any other specific requirements or guidance (some items listed in Column 2 may be mandatory and these will be underlined.) Column 3 is for you to complete with details of the evidence you are supplying, and below you can see a sample of what might be written here. Column 4 should be completed with a unique reference number for the piece of evidence in question. Column 5 is for BAB use and should be left blank.

1 <i>Criteria to be met</i>	2 <i>Examples of how you could evidence the criteria</i>	3 <i>Description of evidence supplied</i>	4 <i>Evidence Reference Number</i>	5 <i>For office use</i>
Provide a structured coaching programme which is published and about which information is made available to members and parents alike.	Provide leaflets, posters etc showing how many times the club meets; agreements/bookings for regular sessions	<ol style="list-style-type: none"> 1. A poster showing our club training times 2. A booking form for our local village hall showing our regular block booking of 10 weeks throughout the year 3. A report stating how parents and children can access this information 	<p>ER1</p> <p>ER2</p> <p>ER3</p>	

Feel free to add supplementary pages as required (numbered or referenced appropriately). Covering reports and notes can be helpful for the Assessor – just a few words of explanation to put the evidence into context.

You will probably want to keep your evidence in a folder, in a binder or in plastic wallets that can be safely filed away. Whatever method you use, ensure you clearly label each piece of evidence

Who can apply? Is it the Club or the Association

Clubmark is awarded at Club level only. Obviously a club will belong to an Association, and so the two will be linked to some extent. It is also likely that some evidence will come from Association level (e.g. constitution, child protection policy etc). If your Association has seven clubs wanting to go for Clubmark then you will have to provide seven assessment portfolios, even though some of the information may be duplicated. (You cannot cross reference evidence from one file to another.) A letter of authority or e-mail from an appropriate person within your Association (e.g. secretary, head of association, chair) must be provided when you start the accreditation process (see below 'Getting Started').

Getting started

You should contact the BAB Clubmark Officer and notify him that your club wishes to work towards Clubmark accreditation. At this time you must also supply the letter of authority from your Association. The BAB Clubmark Officer will then arrange for your club's details to be entered onto the database of clubs working towards accreditation.

Then, read through the criteria and the suggestions as to how you may evidence them. Some you can probably do straight away (e.g. copies of Coach Certificates, insurance details and so on). Others may need thinking about – maybe meeting with your Management Committee or Executive in order to produce reports or adopt certain policy documents.

It might be helpful to make a tick list of the various criteria which need specific action so you can draw up a plan. You should read this document in conjunction with the Resource Pack.

What is acceptable evidence?

Evidence should obviously be valid, and honestly gathered. It should also be 'current' – this usually means something generated within the last 12 months where you are evidencing operational procedures (the more up-to-date, the better).

There will be exceptions to this. For example, if you gained your Coach Award 3 years ago then you will not be expected to take it again! A copy of your 3-year-old certificate will be fine.

Any requests for Accreditation of Prior Achievement (APA) or Accreditation of Prior Learning (APL) should be submitted in advance for verification and approval by Sport England.

Templates

Sport England Clubmark has supplied a variety of Templates to help Clubs working towards accreditation. As part of an Association already in the BAB, it is unlikely that your club will need all of these (indeed, you may not need any). For example, your Association almost certainly has an open constitution as this is a requirement for entry into the BAB. But there are other Templates you may find useful. The Templates are supplied as Word Documents on the BAB website and you may alter them to suit your needs.

How long have you got to complete the portfolio?

We recommend that you take no longer than 6 months to complete the assessment portfolio. If you take longer, then evidence may be going out of date and you will be in a vicious circle! If you have any problems in meeting the criteria or the 6-month deadline then contact your appointed Clubmark Officer for help and guidance.

What happens when you have completed the portfolio?

PLEASE DUPLICATE YOUR PORTFOLIO WE KEEP THE ONE YOU SEND TO US FOR ACCREDITATION.

On completion, your portfolio should be submitted for assessment. You will need to post to your Clubmark contact all the evidence you have gathered. S/he will then check through it and raise any queries. The final assessment will be done by a different Clubmark officer (not your Clubmark contact). The assessment process may also be subject to external audit by KKP. The BAB implementation of Clubmark is governed by an operating policy which ensures fairness.

You will have to undergo re-accreditation after 3 years and also undertake an annual 'health check'. NB If your Club/ Association withdraws from BAB then Clubmark accreditation will also be withdrawn.

Your club and/or the venues you use must have the appropriate Public Liability Insurance in place	All Clubs listed with the BAB Secretary are covered under your Association Policy. The Clubmark Officer will verify your insurance status when your portfolio is ready to be signed off.			

4.2 National Governing Body affiliation

<i>Criterion to be met</i>	<i>Examples of how you could evidence the criterion</i>	<i>Description of evidence supplied</i>	<i>Evidence Reference Number</i>	<i>For office use</i>
Be affiliated to the BAB. Please note: this means that in the event that you decide to leave the BAB then any recognition your Association or Clubs have under the Clubmark Scheme will become null and void	The BAB Clubmark officer/s will provide this evidence when you achieve Clubmark status (by checking with the BAB Secretary).*			

**Please note that if you cease to be a member of the BAB then any Clubmark Accreditation will be null and void.*

4.3 Communicating with parents/carers

<i>Criterion to be met</i>	<i>Examples of how you could evidence the criterion</i>	<i>Description of evidence supplied</i>	<i>Evidence Reference Number</i>	<i>For office use</i>
The club should have a mechanism for regular communication with parents/carers.	Copies of newsletters, letters, posters, handouts etc. 2 pieces of evidence within the last 12 months, minimum 3 months apart.			

4.4 Developing a membership category for young people

<i>Criterion to be met</i>	<i>Examples of how you could evidence the criterion</i>	<i>Description of evidence supplied</i>	<i>Evidence Reference Number</i>	<i>For office use</i>
A club must have a specific membership fee and pricing policy for children and young people.	Copy of your membership and training fee tariff showing the difference between adult and junior prices.
